### News

Sarah at OddBalls here - we're a registered charity that raises awareness of Testicular Cancer!

In short, I'm reaching out to see if we would be able to come your base to hold a talk on Testicular Cancer Awareness? Our OddBalls talks focus on raising awareness of Testicular Cancer, breaking

down the taboo stigma associated with young men talking openly about their testicles and encouraging young men to check themselves regularly. The talks are 15 minutes, free, appropriate for both genders and suitable for 11+ years. The talk is fun, informal and gets students thinking about really important health issues from a less serious perspective. All in all, a great way to start the day and evoke a conversation!

We cover the basics about Testicular Cancer, such as the signs & symptoms, how to check correctly, diagnosis, treatment and what to do if you're worried or have concerns about a possible lump or swelling and who to talk to.

It would be great to put a plan in place with YFC! Oh, and if you search oddballsFDN into any social media platform you'll find us easily enough!
